Your personal message to Marko

Thank you! Incredible attention to detail & enthusiasm & compelling personal story, very direct and complete answers to questions. Complete thorough & detailed course manual. Obviously writing the business as well as teaching it. Your enthusiasm will inspired me to implement the system and "get to the next level!"

What was your overall impression of Marko's "Million Dollar Foreclosure" Seminar?

The education was definitely valuable. I learned a lot and took many notes and was convinced through the presentation to purchase the sub2 "bootcamp in a box."

Marko sent you many different 'video' emails (Fox news, on the beach, at a house, etc)

How many 'video' emails do you remember receiving? What did you think of them?

Main impression was "take action" from 3 video emails, but a bit too heavy on "get to the ~~the~~ seminar" vs. "start using profit grabber." Added some doubt about the value of the education vs. "buy more educational material" before attending.

What would you like to see us do differently?

Minor: Align the presentation more closely/tightly to the manual. (ie, we are on manual page xx) to facilitate taking notes, maybe give people "homework" to read sections of the manual before the following day's presentation.

In order for us to make more of YOU successful, we would like your feedback on the products / services that we offered. If money was not a concern, which products / services would you want?

<u>Product / Service</u>	<u>Acceptable Price</u>
*- 1. Sub2 Boot Camp	
- 2. Privat Family / Cowall	\$2495 - good entry intermediate graduate
*- 3. Business Credit et al / Mack	
4. Inner Circle	\$1000 + \$4000 + \$10,000 - see comment under "continued support on back"

\* Purchased those at the event.

Are you planning on working your foreclosure market when you get home?

Yes, most definitely. I have worked it before, but was not organized enough with the marketing (ie, didn't have Profitgrabber) and did not have the negotiating tactics that I learned at the seminar.

What do you want to accomplish with this business? What is your dream?

certain financial + business targets to allow me to devote more time and resources to helping others, as well as to improve my own standard of living.

What do you think your biggest obstacle will be when you get home?

Distractions with non money making activities associated with my existing rental business. Also working estate planning for myself + parents. Actively looking to hire contractors to deal with non money making activities which will take time away from marketing + appointments, but once hired out will ~~free~~ free up time.

How serious are you about becoming financially secure this year?

Very serious, to improve my existing financial security. I am just about done writing a business plan which I will modify to include what I learned at this seminar. focus on \$\$\$ making activities

Would you be interested in receiving continued support from Marko?

Yes. One thing that was a bit shocking was the presentation and the cost of the inner circle. The ~\$16K price may be well worth it, but I found it a lot to ask before even trying to put the system to work. I would have been much more receptive to a "Graduated" inner circle system (ie, entry level for any price, intermediate for more, advanced for more). It would be more credible to enroll as entry, get enough support to use the system, do a few deals, then move up to higher levels of inner circle.

**Thank You!! We truly appreciate your feedback because it helps us to improve our events and to serve you better.**

using the system, do a few deals, then move up to higher levels of inner circle.
